

REMARKS

The present application has been allowed and issue fees has been paid. The above amendments have been made in response to the Notice of Drawing dated January 27, 2006.

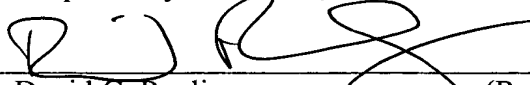

In the Notice, it is stated that Figures A-Q are not properly labeled because all figures must be labeled by a number then a letter. Applicants herewith submit replacement sheets of drawings containing Figures 1-8. In the replacement drawings, original Figures A-Q have been relabeled as Figures 6A-6Q respectively; Figures 6 and 7 embedded in the specification at pages 152-153 have been submitted as Figures 7 and 8 respectively. Applicants have amended the specification so that the reference to the drawings in the specification is consistent to the formal drawings.

Applicants submit that this amendment is filed after the payment of the issue fee. However, since this amendment is to correct inconsistency between the drawings and the specification noted by the Office of Patent Publication, Applicants respectfully request entry and consideration of the amendments pursuant to 37 C.F.R. § 1.312 and M.P.E.P. § 714.16(d).

No fee is believed to be due for this amendment, Should any fee be required, please charge such fees to Jones Day U.S. Deposit Account No. 50-3013 (order no. 949677-999032).

Date: MARCH 15, 2006

Respectfully submitted,
